

## **Standby Power from Guardian Generators**

Pemberton-Davis Electric is an authorized dealer and repair center for Guardian Generators by Generac Power Systems, Inc.

Guardian Generators offer the **best value** in the industry. Only GUARDIAN has the features you need at a price you can afford.

With pre-wired, pre-packaged solutions,

Guardian extends your cost-savings even further by making our systems the absolute easiest to install.

The patented, WhisperTest™ low-speed exercise mode offers the **quietest operation in its class**. Generac's OHVI® industrial grade engines - designed specifically for generator applications - allow long run times of standby power. That, coupled with our best-in-class motor starting capability and our improved enclosure design, illustrates why America prefers GUARDIAN.

When you need backup power, turn to Guardian and Pemberton-Davis!

Look at these features on our residential backup generators:

- Fully automatic start and shutoff.
- No gas tanks or refueling.
- No need to move outside (as with a portable generator).
- High quality power won't damage electronics.
- Longest engine life in the industry.
- Quiet operation meets all known noise ordinances.
- Installed cost of Guardian can be 25% - 50% less than others.
